Frequently Asked Questions

1. **Where do I get the product listing application?**

    Please contact the engineering review desk to receive the application and any supplemental forms. You may find the contact information here.

2. **Where do I file my application?**

    All product listing applications are reviewed by the Engineering Review Section in the Phoenix office. The submittal address can be found in the delegation summary agreement document.

3. **How long will it take for Arizona Department of Environmental Quality to review my application and issue the listing?**

    The review of product listing requests is not covered by licensing time frames. The time to receive a project and possible listing is dependent upon the initial submittal and subsequent requests for additional information.

4. **What are the fees for Product Listing?**

    The Engineering Review Section charges a fee for the review of a new product listing application. An initial deposit of $1,000 is required to begin a review of any application. Review fees are charged at the current hourly rate of $61 per hour, and all outstanding fees must be paid prior to product listing.

5. **What does the ADEQ List of Proprietary Products include?**

    The list of proprietary and other reviewed products may include manufactured systems, subsystems, or components within the treatment works and disposal works if the products significantly contribute to the treatment performance of the system or provide the means to overcome site limitations.

6. **What does the ADEQ List of Proprietary Products exclude?**

    The Department will not list septic tanks, effluent filters or components that do not significantly affect treatment performance or provide the means to overcome site limitations.

7. **What performance values are assigned to products on the ADEQ List of Proprietary Products?**

The Department ensures that performance values in the list reflect the treatment performance for defined wastewater characteristics.

8. **What additional information is provided by ADEQ in the List of Proprietary Products?**

   ADEQ includes in the List of Proprietary Products any appropriate information on the applicability and limitations of each product.

9. **Can a product proposed for a Type 4.23 General Permit be approved for a Construction Authorization if that product is not explicitly on the ADEQ List of Proprietary Products?**

   No. All such products must be explicitly on the ADEQ List of Proprietary Products.

10. **Are there any ADEQ Disclaimers to the ADEQ List of Proprietary Products?**

    The listing by ADEQ of any proprietary product or service is not an endorsement by ADEQ or the State of Arizona. ADEQ does not endorse, represent, guarantee, warranty or defend the use of any of the products or services you voluntarily sign up to provide information on, use, or receive. These product and service providers are a direct source unrelated to ADEQ or the State. Use of any listed product or service is at your risk and the State assumes no liability.
